Creative Movement & Dance - Canton Y

Tap & Ballet ages 3-5: One class weekly for 45-minutes. This class is a combination class divided with 20 min of tap and 25 min of ballet. Since ballet is the basis for all dance technique, the combinations of both work hand in hand. The technical training is taught through ballet, which in turn helps teach the proper shifting of weight and patterns in movement for tap. Since children naturally respond to music and movement, all of the activities are executed to fun music.
