At the Metro Atlanta YMCA, we know that being a kid in today's world is a challenge unto itself. That's why we developed first-class early childhood development, after-school and summer programs to educate and nurture kids. The YMCA is the place where they can have fun, learn and grow.

YMCA after-school care and summer camp provide kids with supervised programs once the bell rings. These programs are especially beneficial for kids without adult supervision when school is out. Young people are mentored by the Y's well-qualified and trained staff. They assist with homework, read and are there for support and encouragement. Added benefits include learning core values like caring, honesty, respect, and responsibility.

Our YMCA is committed to providing financial assistance to those who cannot afford the full price of Y programs. That's the purpose of the Partner With Youth annual campaign. All annual campaign funds remain in our local community, giving children and families an opportunity to get involved in Y programs. The need to provide nurturing programs for young people becomes greater each year. We rely on charitable contributions from friends like you. Please give today!

2009 Impact

Last year 1,172 youth benefited from \$80,000 in scholarships. Because of your generous Partner With Youth contributions, you allowed us to reach the under served in our community.

Our 2010 Partner With Youth annual campaign goal of \$75,000 will be successful if you get involved and give back. Thank you for your generous support!

- * **SPONSOR** a child's opportunity to reach a new level of self-confidence and build relationships by attending a week of summer day camp - \$150

The YMCA was a huge factor in my life growing up as a child because my mom didn't have much money, but the YMCA provided many opportunities and great friendships. Now I would like my children to have that same opportunity.

As a single parent, I need support so that my children can attend summer camp. I am a full time working mother and I know that my children will be safe and have fun with the outstanding summer camp staff.

I have separated from my husband and this has left me with a great financial burden due to zero child support.

I am also asking for assistance with swim lessons. After watching the news and learning that less than 40 percent of African American children can swim, it really scared me and I

realized that I need to give my children this skill. I don't want my children to have to sit on the sidelines due to my fear and when all the other children are having a wonderful experience in the water.

What does the YMCA mean to me? The YMCA has really become a wonderful blessing. I feel secure in knowing that my children are in a safe place with structured activities and great role models.
